MACRAMÉ[°]

collection

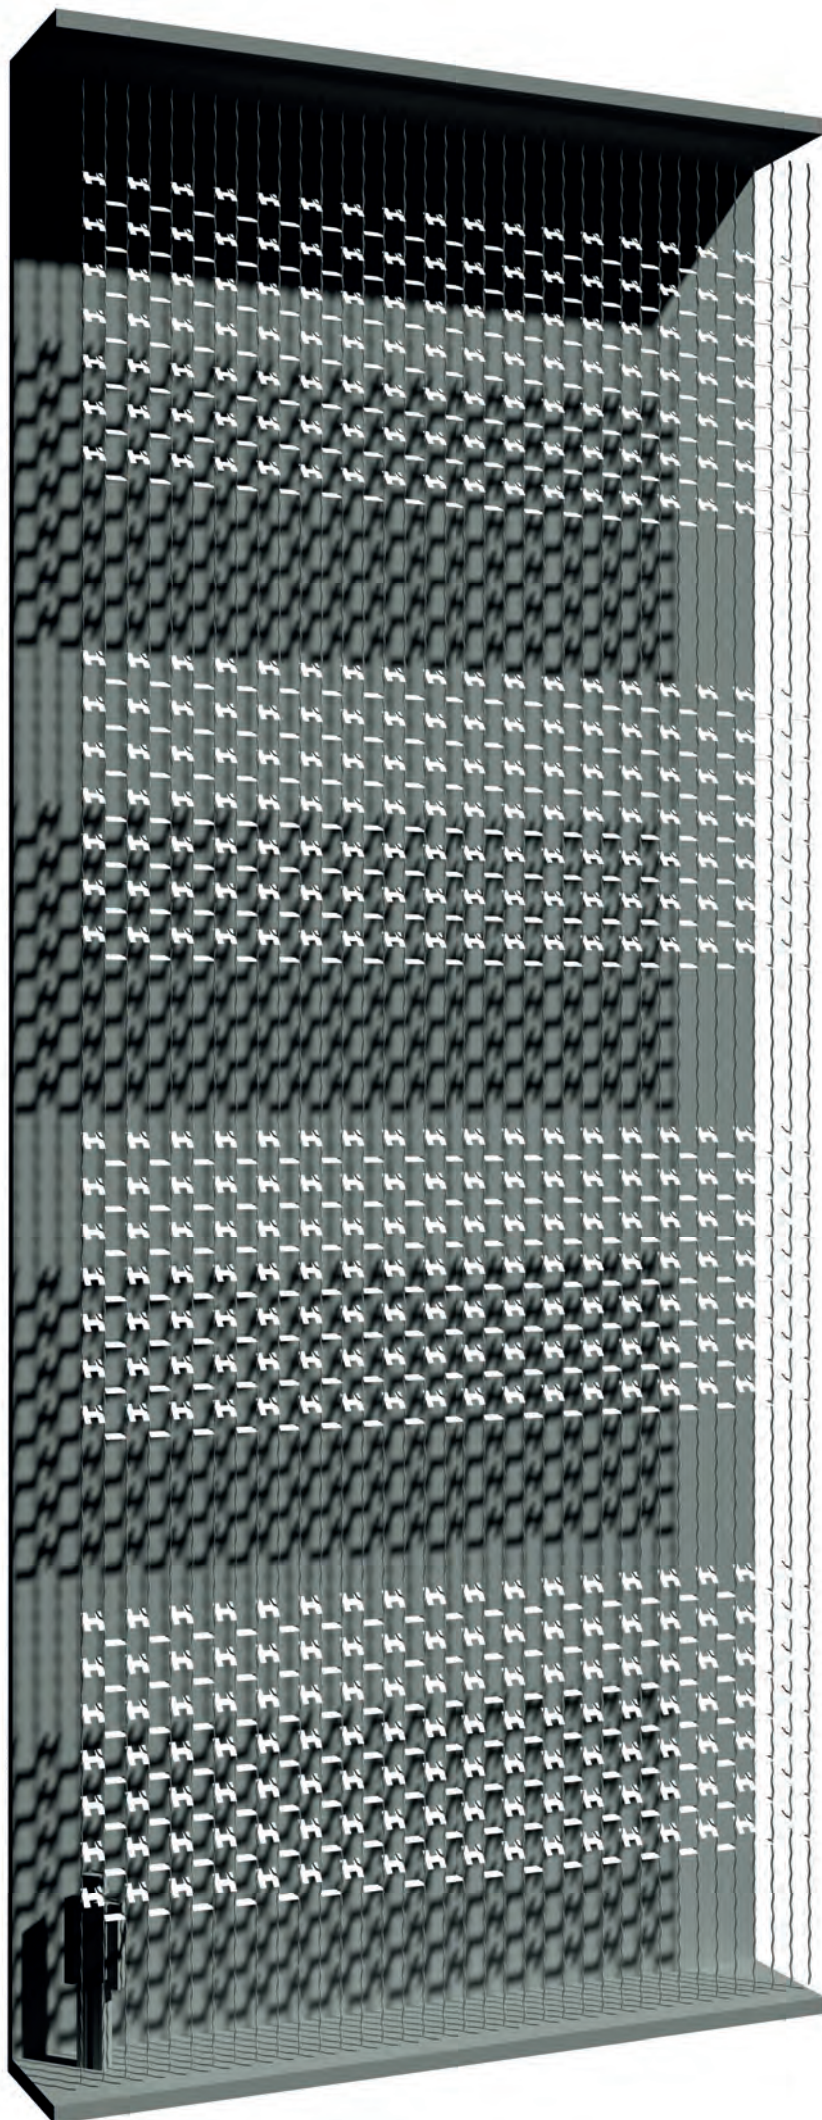

MACRAMÉ collection

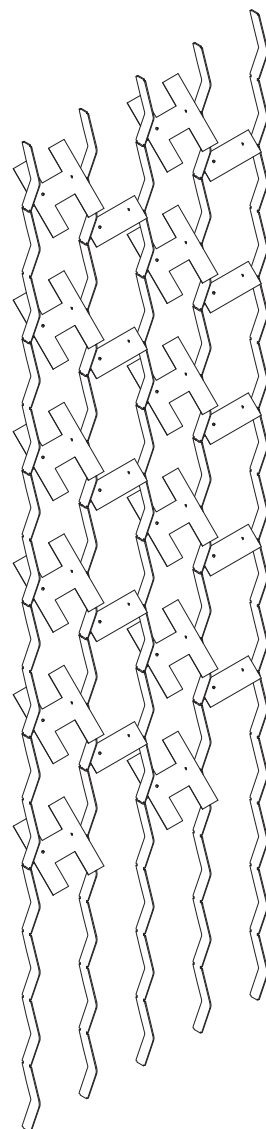

This collection takes inspiration from one of the Tapis-textiles- popular styles, the Macramé. With Denvelops a new frame has been open to facades and double skins, where the soul of these beautiful works can be evoked. Working with that inspiration, and introducing simple changes the develops components, incredible designs come easy, where the architectural skins appears as something that transmit new textures, with volume, with emotion as well...

EXPLORE / ENJOY / GET INSPIRED !!!

All listed models have been designed with the new Denvelops patented construction system. Images, textures, patterns and colours are just conceptual or real representation of designed creations. For more information and to discover what Denvelops can offers for you please visit www.denvelops.com or contact to denvelops@denvelops.com.
