MOIRÉ

collection

MOIRÉ collection

Moiré collection gets inspiration from the moiré visual effects, and how basic forms can evolve to fantastic shapes that remember the Moiré drawings. This inspiration lets play the tiles, the colours, and the shadows in a very interesting way. Free and customized designs where the shadows can be the tiles, or the tiles can be the shadows....

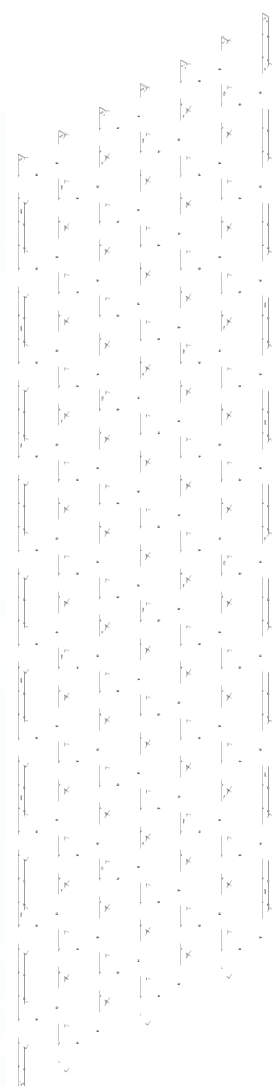

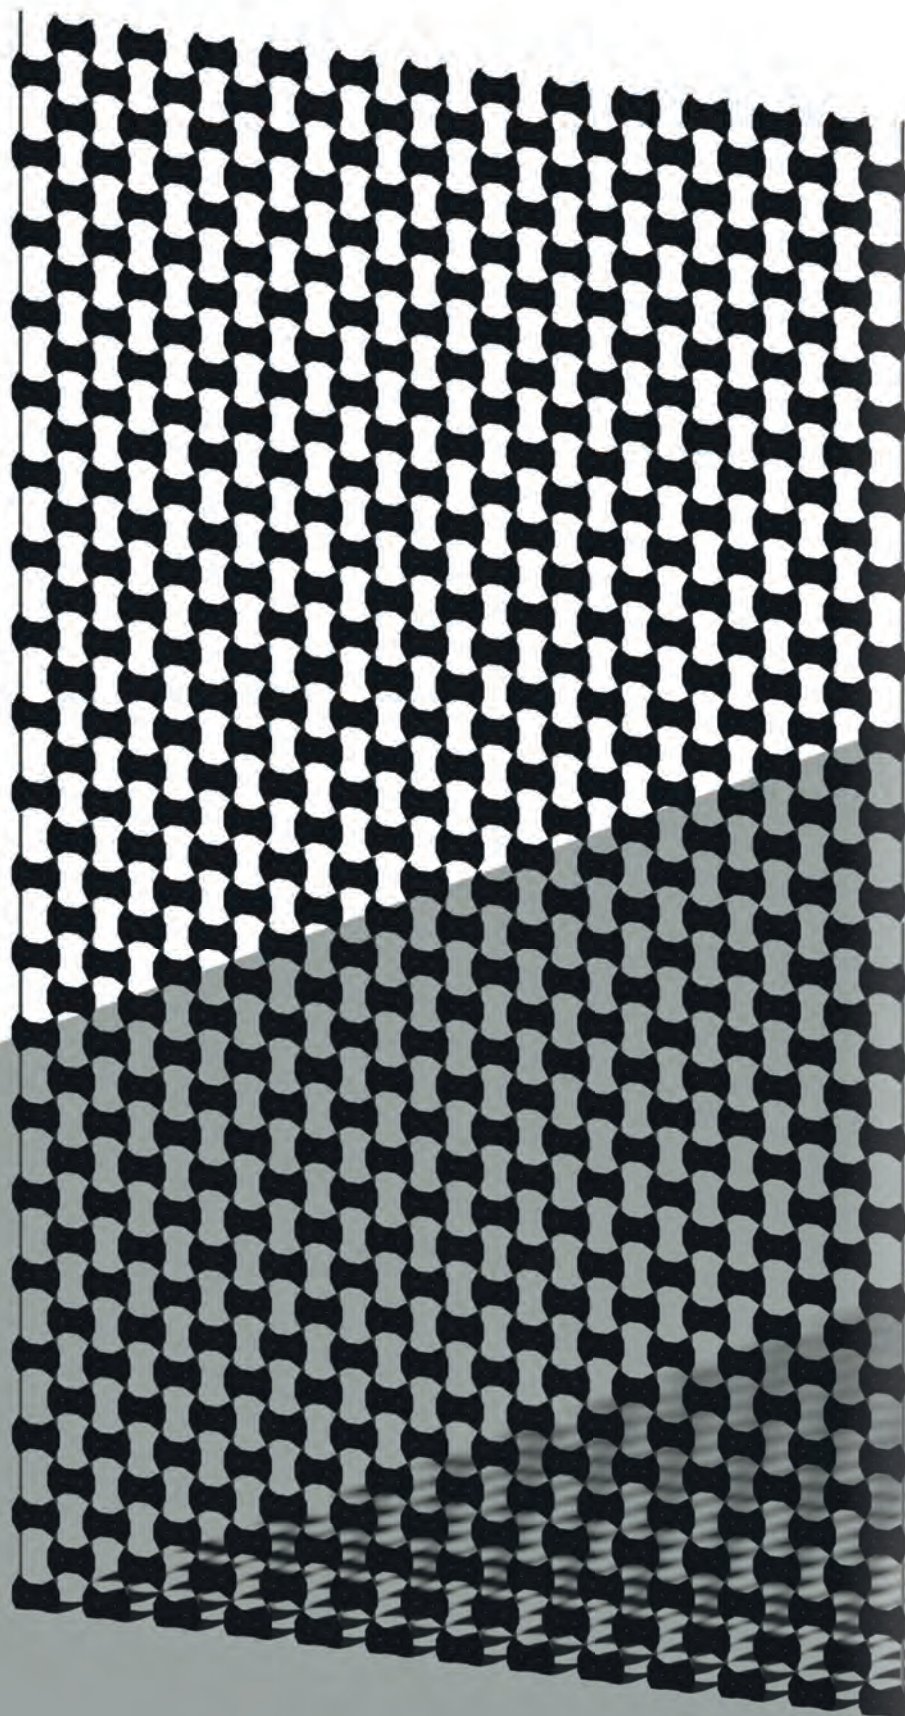

EXPLORE / ENJOY / GET INSPIRED !!!

All listed models have been designed with the new Denvelops patented construction system. Images, textures, patterns and colours are just conceptual or real representation of designed creations. For more information and to discover what Denvelops can do for you please visit www.denvelops.com or contact denvelops@denvelops.com.
